**Subject: Annual Hazardous Waste Disposal Report - Exported
Rio Tinto – Sebree Works
Alcan Primary Products Corporation
Henderson, Kentucky, Henderson County
EPA ID#: KYD058692526**

To Whom It May Concern:

Enclosed you will find the required annual report summarizing all hazardous waste exported during the previous calendar year for Rio Tinto – Sebree Works, Alcan Primary Products Corporation. This report covers the 2012 calendar year.

Rio Tinto – Sebree Works, Alcan Primary Products Corporation, follows its Waste Minimization Pollution Prevention Plan. The plan was developed to meet regulatory requirements as set forth in the Pollution Prevention Act of 1990. The Waste Minimization Pollution Prevention Plant indicates that it is the plants goal to reduce waste (both hazardous and non-hazardous) and maintain continuous improvement as an on-going process. Pollution that cannot be prevented or recycled is treated in an environmentally safe manner.

As shown in the Table 1, spent potliner (the hazardous waste exported) generated in 2012 increased. This volume increase was due to an increase in production for the year.

Table 1. Annual Spent Potliner Generation

	Annual Spent Pot Liner Generated (kg)	Federal Waste Code
2012	3,853,597	K088
2011	3,542,422	K088

The toxicity of the spent potliner generated in 2012 was consistent with 2011.
